SEDA Forklift Broom

N-527650 / N-527651
N-527652 / N-527653

Cleaning broom for forklift

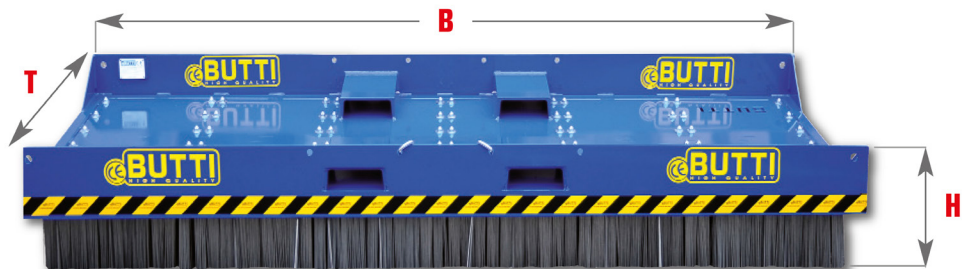

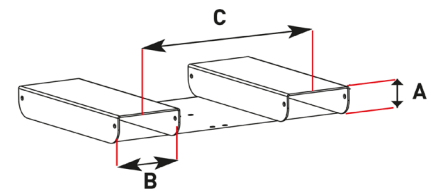

Your benefits:

- Solid steel construction
- Easy of use
- Easy maintenance
- Strong and durable
- No moving parts
- Double-sided pick up
- Numerous sizes available

The professional industrial forklift broom has a robust steel construction with high quality steel bristles in a strong frame. It has double sided forklift mounts for ease of use and is also available in four different sizes.

The brush allows rapid clearances of buildings and road ways giving a clean working area. The easy to mount brush simply slides on to your fork lift and allows you to work immediately.
